

# Homework 0: Getting Started

Due: September 18, 2024

Welcome to CS1570! This is *hopefully* going to be a fun and exciting semester. Here are a couple of action items to complete to help you get started with the course. Feel free to reach out to `cs1570headtas@lists.brown.edu` or on EdStem if you have any questions!

1. The course website is found at <https://cs.brown.edu/courses/csci1570>. This is where you'll be able to find most of the information relating to the course: such as assignments and TA hours!
2. Check to see if you have been added to the course Gradescope where you will be submitting all of your ( $\text{\LaTeX}$ -typeset!) assignments. If you haven't been *automagically* added send an email to the HTA listserv and we'll get you all sorted out.
3. Join the course EdStem if you haven't already! Be sure to check this frequently since this is where we'll be posting lecture materials along with releasing FAQs/clarifications on any active homework assignment.
4. Finally, check out the course syllabus. You'll want to provide your signature at the bottom of the PDF and submit the signed copy to the **Homework 0** assignment on Gradescope.

If you have any feedback for the course, there is an *anonymous feedback form* located on the homepage of the course website. We would love to hear from you: both the good and (especially) the bad!
